FlexTech Program

[← BACK](#)

Who is eligible?

Eligible applicants include: NYS industrial and commercial facilities, state and local governments, not-for-profit and private institutions, public and private K-12 schools, colleges and universities, and health care facilities. Facilities must pay into the System Benefits Charge as electricity distribution customers of one of the following utilities: Central Hudson Gas & Electric Corporation, Consolidated Edison, New York State Electric & Gas Corporation, National Grid, Orange and Rockland Utilities, Inc., and Rochester Gas and Electric Corporation.

What this Program Offers

NYSERDA's FlexTech Program provides New York State commercial, industrial, institutional, government, and not-for-profit sectors with objective and customized information to help customers make informed energy decisions. FlexTech's goal is to increase productivity and economic competitiveness of participating facilities by identifying and encouraging the implementation of cost-effective energy efficiency, carbon reduction measures, peak-load curtailment, and combined heat & power (CHP) and renewable generation projects. Cost-sharing incentives are available to eligible participants for the following types of studies:

- [General Energy Feasibility Studies and Technical Support](#)
- [Peak-Load Reduction and Load Management](#)
- [Industrial and Process Efficiency Analysis](#)
- [Data Center Efficiency Analysis](#)
- [Energy Procurement Strategies](#)
- [Energy Efficiency Retro-Commissioning](#)
- [Long-Term Energy and Carbon Management](#)
- [CHP & Renewable Generation Project Classifications](#)
- [Peak-Load Reduction Plans](#)

Need a NYSERDA Consultant?

Success Stories

FlexTech Benchmarking Pilot

The Benchmarking Pilot provides benchmarking and onsite operational assessments. Selected FlexTech Consultants will benchmark participating facilities with U.S. Environmental Protection Agency's (EPA) Portfolio Manager and develop site-specific reports recommending operational or system modifications that may result in energy savings.

- **Who is eligible?**
 - Commercial, industrial and institutional facilities contributing to the electric System Benefits Charge (SBC) and 50,000 square feet or greater.
- **How much funding is available?**
 - The pilot augments traditional FlexTech incentives by providing the first \$7,000 of assistance per building with no cost share required.
 - Additional assistance needed above \$7,000 will be cost shared 50% by the applicant and NYSERDA
- **How can I get started?**
 - Fill out the Benchmarking Referral Form [here](#). Your information will be forwarded to a FlexTech Consultant to begin discussing the participation process.

Multifamily buildings can also participate in the Benchmarking Pilot – please see [NYSERDA's Multifamily webpage](#) for more information.

Questions? Email FlexTechBenchmarking@nyserda.org.

Small Commercial Energy Audit

Customers with electric utility bills less than \$75,000 annually may be eligible for a low-cost, walk-through [energy audit](#).
